Welcome to Trent Hills

The quality of life in Trent Hills is second to none. This vibrant region offers the best in country living with fresh, clean air, clear waters and some of the most picturesque rural landscapes in Ontario. From the business district in Campbellford, to a water enthusiast's paradise in Hastings and the cultural centre of Warkworth, we share a strong sense of community and pride in our warm, friendly manner and close-knit neighbourhoods. Trent Hills is centrally located in Northumberland County, with quick access to Canada's major centres: Toronto (2 hours west) and Ottawa (2.5 hours east) and an easy drive to Belleville or Peterborough.

Trent Hills offers the best of both worlds; we are a quaint small town with big city expectations. And it's because of these expectations that Trent Hills has grown into the prosperous, diverse and rich cultural area we enjoy today. Our crystal clear waters beckon you to come out and play – cast to fish for the catch of the day, swim by a rocky shore, or paddle through undiscovered territory.
