**Take Notice** that the Council for the Municipality of Trent Hills has received a complete application to consider a proposed Plan of Condominium, under Section 51 of *The Planning Act, R.S.O. 1990, C. p. 13* and *The Condominium Act, 1998, S.O. 1998, c. 19*.

### Description of the Proposal:

The applicant is proposing a medium-density residential development at 192 Front Street West in Hastings. Although the application was initially submitted in October 2023, it was deemed incomplete pending several required studies. Staff have now reviewed the updated submission, which includes an archaeological assessment and a revised stormwater management report, and consider the application ready to proceed to the draft approval stage.

Applications for a Plan of Condominium follow the same process as a Plan of Subdivision. Draft approval is necessary for the applicant to move forward with servicing and other conditions that will be required before development can begin. This draft approval will be valid for a period two years, with the option for extension upon request. Once all conditions are satisfied, a Subdivision Agreement can be registered on the property to enable lot creation and allow development to begin.

The proposed development includes 20 row townhomes and 4 semi-detached units, accessed via a new internal road connecting to Front Street and ending in a hammerhead turnaround for County Waste Services. The road and common areas will be maintained by a Condominium Corporation. The townhomes will be arranged in two clusters along the road, with the semi-detached units located at the end. A shared amenity space with water access is planned behind the semi-detached units, accessible via a pathway and staircase between the two buildings.

### Planning Act:

The subject application appears to be complete and satisfies the requirements of Section 51 of the Planning Act.

### Purpose of the Public Hearing:
