Take Notice that the Council for the Municipality of Trent Hills has received a complete application to consider a proposed Plan of Subdivision, under Section 51 of *The Planning Act, R.S.O. 1990, C. p. 13*.

Description of the Proposal:

The applicant is proposing a low-density residential development located on 7.87 hectares/19.45 acres along Banta Road in the Village of Warkworth. The proposed development will consist of 9 newly created lots for residential building purposes and are currently proposing 9 single-detached dwellings with unit sizes between 100 to 200 square metres (~1,000 to ~2,100 square feet). The lots will be partially serviced by municipal water but will use individual septic systems for sewage disposal. The newly created lots will be accessed from the existing Banta Road.

An original proposal for the site involved higher densities and mix of unit types and tenures. Due to limitations with servicing the site, a less dense form of development is now being proposed for this site. The applicant is adapting previous completed studies to reflect the reduction and impact of the proposed development. The satisfactory completion of these studies will be listed as requirements for draft approval of the Plan of Subdivision.

A Zoning By-law Amendment to Rezone the property from the Community Facility (CF) and the Environmentally Sensitive (ES) Zones to the Low-density Residential (R1) Zone has been submitted alongside this Plan of Subdivision Application.
