Zoning By-law No. 2010-105

The Corporation of the Municipality of Trent Hills

A By-law under the provisions of *The Planning Act, S.O., 1990*, as amended, to regulate the use of lands and the character, location and use of buildings and structures and to prohibit certain uses of land and the erection and use of certain buildings and structures and to prohibit or require and regulate the provision, maintenance and use of certain facilities and matters hereinafter set forth as a condition of development or redevelopment of lands or buildings in various areas of the Corporation of the Municipality of Trent Hills.

Whereas the Municipal Council of the Corporation of the Municipality of Trent Hills considers it advisable to restrict, prohibit and regulate the use of land situated within the defined areas, as hereinafter designated, for the purpose of implementation in accordance with the policies and designations contained within the Corporation's Official Plan to ensure proper and orderly development within the Corporation.

Whereas the said Council also considers it advisable to prohibit or require the provision, maintenance and use of certain facilities and matters hereinafter set forth as a condition of the development or redevelopment of lands or buildings within the Corporation of the Municipality of Trent Hills.

Now therefore, the Council of the Corporation of the Municipality of Trent Hills enacts as follows:

Section 1 – Interpretation

1.1 Title

This By-law may be cited as the “Municipality of Trent Hills Zoning By-law”.

The Municipality of Trent Hills Zoning By-law consolidates the following four (4) Zoning By-laws and all amendments thereto:

Town of Campbellford Zoning By-law No. 1988-31

Township of Percy Land Use Control By-law No. 1440

Township of Seymour By-law No. 1650

Village of Hastings Zoning By-law No. 1978-08

This edition is prepared for purposes of convenience only. Where appropriate, amendments to the four original by-laws have been deemed to conform to Municipality of Trent Hills Zoning By-law. Those that still do not meet the respective zone requirements continue to be identified as exceptions. For ease of reference, amendments to the original by-laws that are no longer considered to be exceptions to the respective zone regulations are listed in Appendices 1 - IV to this By-law. For accurate reference, recourse should be had to the original By-laws and amendments thereto as registered in the office of the Clerk of the Municipality of Trent Hills.

1.2 Declaration

The Plates and Tables contained herein are declared to form part of this By-law.

1.3 Application

This By-law shall apply to and be enforceable with respect to the whole of the Corporation of the Municipality of Trent Hills. For the purposes of this By-law, the definitions and interpretations given herein shall govern unless the context requires otherwise.

1.4 Interpretation

For the purposes of this By-law, words used in the present tense include the future; words in singular number include the plural and words in the plural include the singular number; the word "shall" is mandatory; the words "used" and "occupied" shall include the words “arranged” and “designed to be used or occupied”.

The boundary of the Oak Ridges Moraine Conservation Plan Area, shall be scaled from the attached Plates.

1.5 Zone Symbols

The Zone symbols refer to the use of land, buildings and structures and excavations permitted by this By-law in the zone categories. Whenever in this By-law the word "Zone" is used, preceded by any of the symbols, such Zone shall

mean any area within the Corporation of the Municipality of Trent Hills within the scope of this By-law, identified on Tables and delineated on Plates contained herein and designated thereon by the symbol or pattern.

1.6 Special Zone Symbol

1.6.1 Exception

Where the Zone symbol designating certain lands, as shown on Plates contained herein, is followed by a dash and a number, (for example M1-1), then Special Zone Provisions apply to such lands. Such special provisions are found by reference to the Subsection of the Zone Provisions of each Zone classification entitled "SPECIAL ZONE CATEGORIES". Lands designated in this manner shall be subject to all the restrictions of the Zone, except as may otherwise be provided by the Special Zone Provisions.

1.6.2 Holding Symbol

When the Zone Symbol designating certain lands, as shown on Plates contained herein and on detailed Zone Maps, is followed by a dash and the letter "H", Holding Zone provisions apply to such lands. Holding Zone provisions are specified in Section 5.11 of this By-law.

1.7 Zone Boundaries and Interpretations

Where possible, the extent and boundaries of all Zones, as shown on Plates contained herein, shall be construed to be lot lines, street lines, and centrelines of streets, railway rights-of-way or boundaries of registered plans. A boundary indicated as following a watercourse, creek, stream shall be the centre line of such watercourse, creek or stream.

A boundary following a shoreline shall follow such shoreline, and in the event of a change in the shoreline, the boundary shall be construed as moving with the actual shoreline

Where the extent and boundary of any zone, as delineated on Plates contained herein, the following provision shall apply:

That where a zone boundary is indicated as passing through undeveloped land, then the location of such boundary shall be determined in accordance with the scale of Plates contained herein at their original scale, unless dimensions shown on the aforementioned Plates provide greater accuracy.

1.8 Residential and Non-Residential Uses and Activities

For the purpose of reference, all buildings, structures and excavations, and all uses and activities of, or in relation to, buildings, structures, excavations and lots named as uses or activities permitted and classified under the headings of "Residential" and "Non-Residential" may be referred to as Residential and Non-Residential buildings, structures, excavations or uses and activities respectively.

1.9 Metric System of Measure

All measurements are to be in the metric system and in accordance with the provisions of this By-law which serve to regulate the erection or use of any building or structure.

1.10 Closings

In the event a dedicated street or land shown on any Plate forming part of this By-law is closed, the property formerly in such street or land shall be included within the zone of the adjoining property on either side of such closed street or lane. If a closed street or lane is the boundary between two or more different zones, the new zone boundaries shall be the former centre line of the closed street or lane.

Section 2 – Compliance with the By-law

2.1 Application of the By-law

No land, building, structure, excavation, lot or premises shall be used or occupied, and no building or structure or excavation shall be erected or altered, in whole or in part, for any purpose EXCEPT in conformity with the provisions of this By-law.

2.2 Interpretation

The provisions of this By-law shall be held to be the minimum requirements EXCEPT where the word maximum is used, in which case the maximum requirement shall apply.

2.3 Change in Lot Size

No lot shall be changed in area, depth or width, either by the conveyance of land or otherwise, so that the lot coverage exceeds the maximum permitted by the By-law, or so that the existing or resulting lot area, lot width or yards will be less than the minimum permitted by the provisions of this By-law.

2.4 Change in Use

A use or occupation of land, building, structure, excavation, lot or premises, or any activity in connection therewith which, under the provisions of this By-law is not permissible within the Zone in which such land, building, structure or excavation, lot or premises is located, shall not be changed except to a use or activity connected therewith which is permissible within such Zone.

2.5 Public Acquisition

No person shall be deemed to have contravened any provision of this By-law by reason of the fact that any part or parts of any lot has or have been conveyed to or acquired by any Public Authority.

Section 3 – Administration, Enforcement, & Penalties

3.1 Administration

This By-law shall be administered and enforced by the person appointed by the Corporation and known as the By-law Enforcement Officer or such other person or persons as may be appointed for such purpose by the Council from time to time.

3.2 Building and other Permits

Notwithstanding the provisions of the Corporation's Building By-law or any other By-law of the Corporation, no building permit or occupancy permit shall be issued where the proposed building, structure or excavation or where the proposed use would be in violation of any of the provisions of this By-law.

3.3 Certificate of Occupancy

No change may be made in the type of use or activity of a lot affected by this By-law, or of any building, structure or excavation on any such lot or any part of such lot, building, structure or excavation until a Certificate of Occupancy has been issued by the Chief Building Official to the effect that a proposed use or activity on the specified property complies with this By-law.

3.4 Occupancy of Uncompleted Dwelling House

No dwelling house shall be used for human habitation until the Building Code of the Corporation has been complied with and in any event not before the maid side walls and roof have been erected, and roofing have been completed and kitchen, heating and sanitary conveniences have been installed and rendered usable, safe and fit for human habitation.

3.5 Building or Structures to be Moved

In all Zones, no building or structure, residential or otherwise, normally requiring a building permit for construction, shall be moved within the area affected by this By-law without a permit from the Chief Building Official.

3.6 Applications for Permits

In addition to all the requirements of the Corporation's Building Code or any other By-law of the corporation, every application for a building permit shall be accompanied by a plan in duplicate (one copy of which shall be retained by the By-law Enforcement Officer), drawn to scale and showing the following:

- a) The true dimensions of the lot to be built upon, excavated or otherwise to be used or occupied;
- b) The proposed location, height, floor area and dimensions of any building, structure excavation or use or activity proposed for such a lot;

- c) Proposed locations and dimensions of any yards, set-back, landscaped open space, off-street parking space or off-street loading facilities required by this By-law;
- d) The location of all existing buildings, structures or excavations on the lot shown on the plan;
- e) A statement signed by the owner or his authorized agent, disclosing the exact use proposed for each aforesaid building, structure, or excavation or use or activity and giving all information necessary to determine if such proposed or existing building, structure or excavation or use or activity conform to the requirements of this By-law;
- f) Where applicable, an application for a building permit or permits shall include the submission of drawings and plans, and execution of agreements, as required by the Planning Act, R.S.O. 1990, as amended; and,
- g) Within a Residential Zone category, the submission of a lot grading plan indicating the proposed final elevations.

3.7 Inspection

The By-law Enforcement Officer, or any officer or employee of the Corporation acting under the direction of the Council, is hereby authorized to enter, at all reasonable hours, upon any property or premises for the purpose of carrying out his duties under this By-law.

3.8 Violation of Penalties

Every person who uses any lot, or erects or uses any building, structure or excavation or any part of any lot, building, structure or excavation in a manner contrary to any requirement of this By-law, or who causes or permits such use or activity or erection, or who violates any provision of this By-law, causes or permits a violation, shall be guilty of an offence and upon conviction therefore shall forfeit and pay a penalty as follows:

- a) On a first conviction every person shall be liable to a fine of not more than \$25,000.00;
- b) On a subsequent conviction, every person shall be liable to a fine of not more than \$10,000.00 for each day or part thereof upon which the contravention has continued after the day on which the person was first convicted;
- a) On a first conviction, every corporation shall be liable to a fine of not more than \$50,000.00;
- b) On a subsequent conviction, every corporation shall be liable to a fine of not more than \$25,000.00 for each day or part thereof upon which the contravention has continued after the day on which the corporation was first convicted; and

- c) Every such penalty shall be recoverable under the Municipal Act, S.O. 2001, as amended, and the Provincial Offences Act, R.S.O. 1990, as amended.

3.9 Contravention – Restrained by Action

In the case any building or structure is to be erected, altered, reconstructed, extended, or part thereof is to be used, or any lot is to be used, in contravention of any requirement of this By-law, such contravention may be restrained by action at the instance of any ratepayer or of the Corporation pursuant to the provisions of the Municipal Act, S.O. 2001, as amended, in that behalf.

3.10 Validity

If any section, clause or provision of this By-law, including anything contained on the Plates and Tables contained herein, is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the By-law as a whole or any part thereof, other than the section, clause or provision, including anything contained on the Plates and Tables contained herein, so declared to be invalid.

It is hereby declared to be the intention that all the remaining sections, clauses or provisions including anything contained on the Plates and Tables contained herein of this By-law shall remain in full force and effect until repealed, notwithstanding that one or more provisions thereof shall have been declared to be invalid.

Section 4 – Definitions

4.1 Accessible

Shall mean a site, building, facility or portion thereof that complies with the Municipality's Facility Accessibility Design Standards.

4.140 Lot, Corner

Shall mean a lot situated at the intersection of two streets, of which two adjacent sides, that abut the intersecting streets, contain an angle of not more than one hundred and thirty-five (135) degrees and where such adjacent sides are curved, the angle of intersection of the adjacent sides shall be deemed to be the angle formed by the intersection of the tangents to the street lines, drawn through the extremities of the interior lot lines, provided that:

- a) In the latter case, the corner of the lot shall be deemed to be that point on the street lines nearest to the point of intersection of the said tangents; and
- b) Any portion of a corner lot distant more than thirty (30) metres from the corner measured along the street line shall be deemed to be an interior lot, including porches and verandas open or covered. This definition shall not include balconies, canopies and overhanging eaves, provided none of the foregoing are less than 2.5 metres above finished grade.

4.141 Lot Coverage

Shall mean that percentage of the lot area covered by the perpendicular vertical projection of the area of all buildings onto a horizontal plane.

4.142 Lot Depth

Shall mean the horizontal distance between the front and rear lot lines. If the front and rear lot lines are not parallel, "lot depth" means the length of a straight line joining the middle of the front lot line with the middle of the rear lot line. When there is not rear lot line, "lot depth" means the length of a straight line joining the middle of the front lot line with the apex of the triangle formed by the side lot lines.

4.143 Lot Frontage

The minimum straight line distance between the points of intersection of the side lot lines.

4.144 Lot Interior

Shall mean a lot other than a corner lot.

4.145 Lot Line

Shall mean any boundary of a lot or the vertical projection thereof.

4.146 Lot Line, Front

Shall mean in the case of an interior lot, the line dividing the lot from the street. In the case of a corner lot, the shorter lot line abutting a street shall be deemed the front lot line and the longer lot line abutting a street shall be deemed an exterior side lot line. In the case of a through lot, the lot line where the principal access to the lot is provided shall be deemed to be the front lot line. In the case of a lot fronting on a navigable waterway, the shorter lot line directly adjacent to the navigable waterway.

4.147 Lot Line, Rear

Shall mean the lot line farthest from and opposite to the front lot line.

4.148 Lot Line, Side

Shall mean a lot line other than a front or rear lot line.

4.149 Lot, Through

Shall mean a lot bounded on two opposite sides by streets.

4.150 Major Development

Shall mean development consisting of:

- a) The creation of four or more lots;
- b) The construction of a building or buildings with a ground floor area of 500 square metres or more; or
- c) The establishment of a major recreation use as described in Section 38 of the Oak Ridges Moraine Conservation Plan.

4.151 Major Recreational Uses

Shall mean recreational uses that require large-scale modification of terrain, vegetation or both and usually also require large-scale buildings or structures, and/or has a higher density or concentration of human activity, including but not limited to the following:

- a) Golf courses;
- b) Serviced playing fields;
- c) Serviced campgrounds; or
- d) Ski hills.

4.152 Manufacturing Establishment

Shall mean a building or part of a building where the manufacturing, fabricating, assembly or processing of raw materials or goods, warehousing or bulk storage of goods and related accessory uses takes place.

4.153 Manure or Material Storage

Shall mean permanent storages, which may or may not be associated with a livestock facility containing liquid manure (<18% dry matter), solid manure (> 18% dry matter), or dig estate.

Permanent storages may come in a variety of:

- Locations (under, within, nearby, or remote from barn);
- Materials (concrete, earthen, steel, wood);
- Coverings (open top, roof, tarp, or other materials);
- Configurations and shapes; and
- Elevations (above, below or partially above grade)

4.154 Marina

Shall mean a building, structure or place, containing docking facilities and located on a navigable waterway, where boats and boat accessories are stored, serviced, repaired or kept for sale and where facilities for the sale of marine fuels and lubricants may be provided.

4.155 Marine Facility

Shall mean an accessory building or structure which is used to take a boat into or out of a water body, to moor, to berth or to store a boat. This definition may include a boat launching ramp, boat lift, dock, or boathouse, but shall not include any building used for human habitation or any boat service, repair or sales facility.

This definition may include a junk yard, a scrap metal yard or an automobile wrecking yard, but shall not include a recycling facility.

4.230 Sand Barrens

Shall mean land (not including land that is being used for agricultural purposes and no longer exhibits sand barrens characteristics) that:

- a) Has sparse or patchy vegetation that is dominated by plants that are:
 - (i) Adapted to severe drought and low nutrient levels; and
 - (ii) Maintained by severe environmental limitations such as drought, low nutrient levels and periodic disturbances such as fire.
- b) Has less than 25 percent tree cover;
- c) Has sandy soils (other than shorelines) exposed by natural erosion, depositional process or both; and
- d) Has been further identified, by the Ministry of Natural Resources or by any other person, according to evaluation procedures established by the Ministry of Natural Resources, as amended from time to time.

4.231 Sanitary Sewer

Shall mean an adequate system of underground conduits, operated either by the Corporation or by the Ministry of the Environment, which carries sewage to an adequate place of treatment which meets with the approval of the Ministry of the Environment.

4.232 Satellite Dish

Shall mean a device designed to receive communication signals from a satellite.

4.233 Saturated Zone

Shall mean the zone below the water table where the spaces between the soil grains are filled with water.

4.234 Savannah

Shall mean land (not including land that is being used for agricultural purposes and no longer exhibits savannah characteristics) that:

- a) Has vegetation with a significant component of non-woody plants, including tall grass prairie species that are maintained by seasonal drought, periodic disturbances such as fire, or both;
- b) Has from 25 percent to 60 percent tree cover;
- c) Has mineral soils; and
- d) Has been further identified by the Ministry of Natural Resources or by any other person, according to evaluation procedures established by the Ministry of Natural Resources, as amended from time to time.

4.235 Saw or Planing Mill

Shall mean a building, structure or area where timber is cut, sawed or planed, either to finished lumber or as an intermediary step, and may include facilities for the kiln drying of lumber and may or may not include the distribution of such products on a wholesale or retail basis.

Second units are private, self-contained residential units with kitchen and bathroom facilities and sleeping areas within detached, semi-detached or row houses or within ancillary structures such as garages or coach houses.

4.239 Self-Sustaining Vegetation

Shall mean vegetation dominated by plants that can grow and persist without direct human management, protection or tending.

4.240 Service Shop

Shall mean a building or part of a building, not otherwise defined or classified herein, and whether conducted in conjunction with a retail store or not, for the servicing or repairing of articles, goods or materials.

4.241 Setback

Shall mean the horizontal distance from the centreline of the street allowance, measured at right angles to such centreline, to the nearest part of any building or structure on the lot, or the nearest open storage use on the lot.

4.242 Sewage Treatment Facility

Shall mean a building, structure or area approved by the Ministry of Environment and Energy, where domestic and/or industrial waste is treated. This definition shall include a sewage lagoon.

4.243 Sewer System, Sanitary

Shall mean a system of underground conduits, operated by the Municipality of Trent Hills or by the Ministry of Environment and Energy, which carries sewage to a sewage treatment facility which is in accordance with the standards of the Ministry of Environment and Energy.

4.244 Sewer System, Storm

Shall mean a system of underground conduits, operated by the Municipality of Trent Hills or by the Ministry of Environment and Energy, which carries sewage to a sewage treatment facility which is in accordance with the standards of the Ministry of Environment and Energy.

4.245 Shipping Container

Means any new and/or used container designed for the shipping of goods by means of rail, truck or by sea that is strong enough to be suitable for the repeated use and includes intermodal shipping containers and a transport trailer, but not a straight truck box.

4.246 Shopping Centre

Shall mean a group of commercial establishments conceived, designed, developed and managed as an interdependent and inter-related unit by a single owner or tenant, or a group of owners or tenants acting in collaboration and related in location, size and type to the surrounding local and distant trade area which it serves, as opposed to a central business area comprising unrelated individual commercial establishments.

4.247 Shopping Plaza

Shall mean a group of commercial establishments which are not interdependent or inter-related and which have been designed, developed and managed as a unit by a single owner or tenant, or a group of owners and tenants and primarily serves the immediate surrounding trade area.

4.248 Sight Triangle

Shall mean the triangular area enclosed by the street lines of a corner lot and a line drawn from a point in one street line to a point in the other street line, each such point being 9.0 metres from the point of intersection of the street lines (measured along the street lines).

Where the two (2) street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the projection of the street lines or the intersection of the tangents to the street lines.

4.249 Sign

Shall mean a sign within the meaning of the Corporation's Sign By-law.

4.250 Significant

Shall mean identified as significant by the Ministry of Natural Resources, using evaluation procedures established by that Ministry, as amended from time to time.

4.251 Site

Shall mean a parcel of land bound by a property line or a designated portion of a public right-of-way and may mean the land subject to an application.

4.252 Site Alteration

Shall mean activities such as filling, grading and excavation that would change the landform and natural vegetative characteristics of land, but does not include:

- a) the construction of facilities for transportation, infrastructure and utilities uses, as described in Section 41 of the Oak Ridges Moraine Conservation Plan, by a public body, or
- b) For greater certainty:
 - (i) The reconstruction, repair or maintenance of a drain approved under the Drainage Act and in existence on November 15, 2001 on lands within the Oak Ridges Moraine; or

- c) Include, but are not limited to:
 - (i) Farm implement stores, feed stores and country markets;
 - (ii) Portable mineral aggregate crushing plants, portable asphalt plants and composting plants; and
 - (iii) Schools, places of worship, community halls, retirement homes and cemeteries, intended mainly to serve nearby rural settlements within the Plan Area.

4.254 Storey

Shall mean the portion of a building, other than an attic or cellar, included between any floor level and the floor, ceiling or roof next above it.

4.255 Storey, First

Shall mean the lowest storey of a building closest to finished grade having its ceiling 1.8 metres or more above average finished grade.

4.256 Storey, One-Half

Shall mean the portion of a building situated wholly or in part within the roof and having its floor level not lower than 1.2 metres below the line where roof and outer wall meet and in which there is sufficient space to provide a height between finished floor and finished ceiling of at least 2.3 metres over a floor area equal to at least 50 percent of the area of the floor next below.

4.257 Storey, Second

Shall mean that portion of a building situated above the first storey and in which there is a vertical dimension of at least 1.3 metres (measured from finished floor to finished ceiling) over a floor area equal to at least 75% of the floor area of the storey next below.

4.258 Storm Sewer

Shall mean a sewer which carries storm sewage or surface runoff but excludes any combined or sanitary sewers.

4.259 Street or Road

Shall mean a public street or road for vehicles which affords the principal means of access to abutting lots, but does not include a lane or private right-of-way.

4.260 Street, Improved Public

Shall mean a street or road assumed by the Corporation which has been constructed in such a manner so as to permit its use by normal vehicular traffic.

4.261 Street Line

Shall mean the limit of the street or road allowance and is the dividing line between a lot and a street or road.

4.262 Structure

Shall mean anything that is erected, built or constructed of parts joined together, the use of which requires location on the ground or attached to something having location on the ground, but does not include a sign, tourist trailer, or mobile home.

4.263 Subwatershed

Shall mean an area that is drained by a tributary or some defined portion of a stream.

4.264 Surface Catchment Area

Shall mean the area including and surrounding a kettle lake or wetland, from which surface runoff drains directly into the kettle lake or wetland.

4.265 Sustainable

When used with respect to a natural resource, shall mean that the natural resource is able to support a particular use or activity without being adversely affected.

4.266 Tallgrass Prairie

Shall mean land (not including land that is being used for agricultural purposes and no longer exhibits tallgrass prairie characteristics) that:

- a) Has vegetation dominated by non-woody plants, including tallgrass prairie species that are maintained by seasonal drought, periodic disturbances such as fire, or both;

5.4 Established Building Line in Built-Up Area

Notwithstanding the yard and setback provisions of this By-law to the contrary, where a permitted building or structure is to be erected on a lot in a built-up area, where there is an established building line extending on both sides of the lot, such permitted building or structure may be erected closer to the street line, or the centreline of the street, as the case may be, than required by this by-law provided such permitted building or structure is not erected closer to the street line or the centreline of the street, as the case may be, than the established building line on the date of passing of this By-law.

5.5 Existing Buildings, Structures and Uses

a) Continuation of Existing Uses

The provisions of this By-law shall not apply to prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purposes on the date of passing of this by-law, so long as it continues to be used for that purpose.

b) Permitted Exterior Extension

A building or structure, which at the date of passing this By-law, was used for a purpose not permissible within the Zone in which it is located, shall not be enlarged, extended, reconstructed or otherwise structurally altered, unless such building or structure is thereafter to be used for a purpose permitted within such Zone, and complies with all requirements of this By-law for such Zone. Any enlargement, extension, reconstruction or other structural alterations shall comply with the standards and regulations of the Conservation Authority.

c) Permitted Interior Alteration

The interior of any building lawfully used on the date of passing of this By-law for a use that is not permitted within the Zone that such building is located may be reconstructed or structurally altered, in order to render the same more convenient or commodious for the same purpose for which, at the passing of this by-law, such building was used.

d) Restoration to a Safe Condition

Nothing in this By-law shall prevent the strengthening or restoration to a safe condition of any building or structure or part thereof, lawfully used on the date of passing of this By-law, provided that the strengthening or restoration does not increase the building height, size or volume or change the use of such building or structure.

e) Permitted Non-Complying Buildings or Structures

- (i) Nothing in this By-law shall prevent the enlargement, extension, renovation, repair or alteration of a building or structure, which existed at the date of passing of this By-law, which is used for a purpose specifically permitted within the Zone in which such building or structure is located, where such building or structure does not comply with the setbacks or one or more yards that are less than required provided that the setback or one or more yards that are less than required are not further reduced and that all other provisions of the By-law are complied with. Any enlargement, extension, renovation, repair or alteration of a building or structure shall also comply with the standards and regulations of the Conservation Authority.
- (ii) Notwithstanding the foregoing, this provision shall not apply to a building or structure which has been demolished following the issuance of a demolition permit by the Corporation. In such cases the reconstruction of a building or structure shall comply with the yard and setback requirements as well as all other provisions of this By-law.

f) Reconstruction of Damaged Existing Buildings or Structures

Nothing in this By-law shall apply to prevent the reconstruction of any lawful non-conforming building or structure which is damaged by causes beyond the control of the owner, provided that such reconstruction is proceeded with as expeditiously as possible. A second dwelling that was required during reconstruction can be retained following completion of the reconstruction provided that the kitchen facilities are removed.

g) Building Permit Issued

The provisions of this By-law shall not apply to prevent the erection or use, for a purpose prohibited by the By-law, of any building or structure, the plans for which have, prior to the date of passing this By-law, have been approved by the Building Inspector, so long as the building or structure when erected, is used and continues to be used for the purpose for which it was erected and provided the erection of such building or structure is commenced within 2 years after the date of the passing of this by-law and such building or structure is completed within a reasonable time after the erection thereof is commenced.

h) Floor Area Less Than Required

Nothing in this By-law shall prevent an extension or an addition being made to a permitted dwelling house, which dwelling house existing at the time of passing of this By-law but which has a gross floor area or dwelling unit area less than required by this By-law, provided such extension or addition does not contravene any other provision of this By-law.

- i) For the purpose of this Zoning By-law, the minimum gross floor area of a residential dwelling in any residential zone shall be the minimum gross floor area as required by the Ontario Building Code for the combination of residential rooms proposed in the dwelling unit. All other provisions of Zoning By-law 2010-105 will apply. For accurate reference, refer to attached section of the Ontario Building Code.

5.6 Existing Undersized Lots

Where a lot having a lesser lot area and/or lot frontage than required by this By-law, is held in distinct and separate ownership from abutting lots at the date of passing of this By-law, or where such a lot is created as a result of an expropriation, such smaller lot may be used and a single detached dwelling may be erected, altered, or used on such smaller lot provided that the lot area is not less than 1,400 square metres, and the lot frontage is not less than 30 metres, and further provided that the proposed use is permitted on the zone which applies to the property and complies with all other requirements of the By-law.

Notwithstanding the above, within Campbellford, Hastings, Warkworth, Trent River, and Norham (identified within the Schedules on separate maps), where a lot having a lesser lot area and/or lot frontage than required by this By-law is held under distinct and separate ownership from abutting lots, at the date of passing

of this By-law, or where such a lot is created as a result of an expropriation, such smaller lot may be used and a building or structure may be erected, altered, or uses on such smaller lot provided that all other requirements of this By-law are complied with.

In addition to the above, the uses shall be permitted only if the lot can be provided with an adequate supply of potable water, and all relevant sewage disposal requirements under the Ontario Building Code are complied with.

5.7 Existing Undersized Registered Deposit (R.D.) Plan Lots

Notwithstanding the provisions of Section 5.6 hereof to the contrary, lots within Registered Deposit (R.D.) Plans shall only be used for a single detached dwelling in accordance with the following:

- The lot shall provide a minimum building area of 1,400 square metres outside of any lands zoned Environmental Protection (EP) on the lot;
- The lot shall have 30 metres of frontage upon an improved public street or road;
- Two or more R.D. lots may be merged into a single lot to achieve the above requirements as necessary; and
- Lots within the following R.D. Plans are not developable in accordance with the Trent Hills Official Plan:

5.8 External Design

The following building materials shall not be used for the exterior vertical facing on any wall of any residential building or structure within the Municipality:

- Building paper;
- Asphalt shingle;
- Asphalt roll-type siding; or
- Asphalt insulting siding.

5.9 Floodfringe Areas – “F”

a) Areas of Application

Where a zone symbol on Plate “A” is followed by the symbol “F”, the following regulations for floodproofing shall apply.

b) Application of Other Zone Provisions

All provisions which are applicable within a zone category for the use of any land, building or structure permitted within the zone category shall also apply where regulations for floodproofing are in effect, except as specifically altered by the requirements for floodproofing.

Notwithstanding any other provisions of this By-law to the contrary, all lands exhibiting a zone category with the F sub-category may continue to be used for those uses existing as of the date of passing of this By-law.

c) Floodproofing Requirements

Additions, alterations or replacement of existing buildings or structures shall only take place where the lowest openings are above Regional Flood Elevations and/or can be maintained through the following floodproofing techniques.

- (i) All structures and buildings shall be designed to withstand any anticipated hydrostatic forces resulting from flooding;
- (ii) The composition and strength of all structural materials used in construction are to be adequate to avoid deterioration from flooding;
- (iii) The minimum elevation of the ground or first floor level of any building, and of any exterior building opening, shall not be less than the minimum elevation for floodproofing.
- (iv) All measures for floodproofing shall be constructed in accordance with the standards of the Building By-law of the Municipality of Trent Hills and all other requirements of the Building Code Act, as amended, as well as the applicable regulations of the Conservation Authority, Ministry of Natural Resources and any other agencies having jurisdiction.

5.10 Frontage on a Public Street, Unassumed Road or Private Right-of-Way

a) Public Street

No person shall erect any building or structure in any Zone, unless the lot upon which such building or structure is to be erected fronts upon a public street that is maintained year-round by the Municipality, and further that such building or structure complies with the setback provisions of this By-law.

b) Unassumed Road

Notwithstanding the provisions of Section 5.8(a) hereof to the contrary, the provisions of this by-law shall not apply to prevent the erection of a permitted building or structure on a lot in a Registered Plan of Subdivision where a properly executed subdivision agreement has been entered into with the Municipality where under the street or streets will not be assumed by the Municipality until such time as specified in the said agreement.

c) Private Right of Way

Notwithstanding the provisions of Section 5.8(a) hereof, where a building has been erected on a lot which fronts on a private right-of-way registered on title and as now travelled on a deeded right-of-way and providing legal ingress and egress to an improved public street, the provisions of this By-law shall not apply to prevent the enlargement, alteration, extension, renovation or reconstruction of such building or structure, provided the use of such building or structure is permissible in the Zone in which it is located and that all other applicable provisions of the By-law are complied with.

5.11 Group Homes

a) Group Homes – General

Notwithstanding any other provisions of this By-law to the contrary, the following provisions shall apply to Group Homes for Children, Seniors, and the Psychiatrically Handicapped located within the Municipality:

- (i) A maximum of one group home per 1000 permanent residents of the Municipality shall be permitted;
- (ii) No Group Home of any type shall be located within 120.0 metres of another Group Home of any type;
- (iii) Only Group Homes licensed or approved by the Province of Ontario or its agencies for the accommodation of children, seniors and developmentally handicapped, are to be permitted where a Group Home is a permitted use;

b) Group Homes – Developmentally and Mentally Handicapped

Notwithstanding any other provisions of this By-law to the contrary, the following provisions shall apply to Group Homes for the developmentally handicapped within the Municipality:

- (i) A maximum of one Group Home for the developmentally or mentally handicapped per 1,000 permanent residents of the Municipality shall be permitted;
- (ii) No Group Home of any type shall be located within 120.0 metres of another Group Home of any type;

- (iii) Only Group Homes licensed or approved by the Province under the Developmental Services Act, 2001, and the Children's Residential Services Act (for developmentally handicapped children only) shall be permitted as Group Homes for the Developmentally or Mentally Handicapped. These Group Homes shall be permitted wherever Group Homes are a permitted use.

5.12 Height Exceptions

Notwithstanding the height provisions herein contained, nothing in this By-law shall apply to prevent the erection, alteration, or use of the following accessory buildings or structures provided the main use is a use permitted within the Zone in which it is located: a church spire, a belfry, a flag pole, a clock tower, a chimney, a water tank, a radio or television tower or antenna, air conditioner duct, grain elevator, a barn or silo, incidental equipment required for processing and external equipment associated with internal building equipment.

5.13 Holding Zone Provisions

Where a zone symbol on the By-law Schedule is followed by the holding zone symbol "H" the permitted uses and relevant zone provisions applicable to that zone do not apply until such time as the holding zone symbol "H" is removed in accordance with the policies of the Official plan and the requirements of the Planning Act, R.S.O. 1990, as amended.

Prior to the removal of the holding zone symbol "H" only uses which existed as of the date of the adoption of the holding zone provisions are permitted.

a) Regulations for Permitted Uses

All regulations and provisions which apply in a zone category where there are no holding zone provisions in effect shall also apply where a holding zone has been established.

b) Removal of the Holding Provisions

The holding zone provisions shall only be removed in accordance with the Planning Act and only when council is satisfied that the following criteria have been met in a manner and form acceptable to Council. The criteria to be satisfied shall consist of either the provision of adequate municipal roads, electricity, piped water or storm and sanitary sewer services to a specific area, or an agreement entered into between the owner, and the Municipality to provide the aforementioned municipal roads, electrical or piped services.

5.14 Home Industry

Where a home industry is permitted as an accessory use to a dwelling house in any Zone, the following provisions shall apply:

- a) A maximum of 1 person other than the occupant of the dwelling may be engaged in the home industry at any time;

- b) Such home industry may be located in any accessory building located on a lot on which a dwelling is in existence, provided the total gross floor area utilized by the home industry does not exceed a maximum of 70 square metres;
- c) There shall be no display, other than a non-illuminated sign having a maximum surface area of 1.0 square metres, to indicate to persons outside that any part of the dwelling or dwelling unit is being used for a purpose other than residential;
- d) There shall be no outside storage of goods, materials or vehicles or equipment;
- e) Only currently licensed motor vehicles, associated with the home industry may be parked or stored on the lot within an interior side or rear yard. Only one commercial vehicle shall be permitted on a lot; and
- f) Such home industry shall be clearly accessory to the main residential use and shall not change the residential character of the dwelling or the lot.

5.15 Home Occupation

The following regulations apply to a dwelling unit wherein a home occupation is permitted:

- a) The home occupation shall only be undertaken by a person or persons occupying the dwelling house or dwelling unit.
- b) There shall be no display of goods, other than a sign erected in conformity with the By-laws of the Municipality, to indicate to persons outside that any part of the dwelling unit is being used for a purpose other than residential.
- c) A home occupation shall be clearly secondary to the main residential use and shall not change the residential character of the dwelling house or unit nor create or become a public nuisance, in particular, in regard to noise, traffic or parking.
- d) A home occupation shall not interfere with television or radio reception of other in adjacent buildings or structures.
- e) Not more than 25 percent of the gross floor area of the dwelling house or dwelling unit shall be used for the home occupation use, including and building used for the storage of materials and equipment required for the home occupation. A home occupation may be undertaken within a dwelling house or accessory building, but in no case shall the total area allocated to the home occupation exceed the maximum stated above.
- f) A home occupation shall not include a medical clinic, a private hospital, a nursing home, an eating establishment or a veterinary clinic, but shall include a business or professional office, artisanship or craft uses and woodworking that complies with the provisions of this subsection.

5.16 Illumination

Lighting fixtures designed for exterior illumination shall be installed with the light directed downward and deflected away from adjacent lots. The use of full cut-off luminaires shall be used for street lighting and outdoor lighting in recreation areas, commercial and employment areas.

5.17 Loading Space Requirements

a) Loading Space

Loading or unloading spaces are required under this By-law, in accordance with the Loading Space Requirement Table, and the owner of every building or structure erected for any purpose involving the receiving, shipping. Each loading or unloading space shall be 9 metres long, 3.6 metres wide and have a vertical clearance of at least 4.2 metres wide. In addition, adequate space shall be provided for the parking of vehicles awaiting access to the loading or unloading spaces.

Loading Space Requirement Table

Gross Floor Area of Building	Loading S
280 Square Metres or Less	1 space
Exceeding 280 square metres but not 2,300 square metres	3 spaces
Exceeding 2,300 square metres but not 7,400 square metres	4 spaces
Exceeding 7,400 square metres	4 spaces plus 1 additional space for each additional 9,300 square metres or part thereof in excess of 7,400 square metres

b) Access

Access to loading or unloading spaces shall be by means of a driveway at least 6 metres wide contained on the lot in which the spaces are located and leading to an improved public street as defined herein.

c) Loading Space Surface

Driveways, loading and unloading spaces, and, related aisles and turning areas shall be maintained with a stable surface which is treated so as to prevent the raising of dust. Such loading and unloading facilities shall, before being used, be constructed of crushed stone, gravel, asphalt, concrete or similar material and shall include provisions for drainage facilities.

d) Location

The loading space or spaces required shall be located in the interior side or rear yard unless such space or spaces are set back from the street line a minimum of 30 metres.

e) Additions to or Change in Use of Existing Buildings

The loading space requirements referred to herein shall not apply to any building in existence at the date of passing of this By-law so long as the gross floor area, as it existed at such date, is not increased. If an addition is made to the building or structure which increases the gross floor area, then additional loading space shall be provided as required by paragraph (a) of this subsection for such addition.

Where a change in the use of an existing building occurs, loading space for the new use shall be provided in accordance with paragraph (a) of this subsection and in accordance with the provisions of the Loading Space Requirement Table.

5.18 Livestock on Smaller Lots

- a) Livestock may be permitted on lots less than eight (8) hectares in size within the following Zones: Rural, Agricultural, Rural Residential, Special Rural Residential, and Shoreline Residential, in accordance with the Regulations of Section 5.16
- b) Livestock is defined as follows:
 - (i) Small sized livestock: rabbits, chickens, turkeys, geese and similar sized animals;
 - (ii) Medium sized livestock: sheep, goats, llamas, ostriches, and similar sized animals; and
 - (iii) Large sized livestock: cattle, horses and similar size animals.
- c) The minimum requirement for keeping livestock in the above noted Zones are as follows:
 - (i) Minimum lot size of 0.8 hectares for the keeping of small livestock;
 - (ii) The lot must have 0.4 hectares of pastures available for the livestock;
 - (iii) Any area used to contain animals or store manure must have a minimum separation distance of 100 metres to any neighbouring dwelling;
 - (iv) The minimum setback from any area where livestock is kept will be 8 metres to an abutting property line;
 - (v) Any building where livestock are kept shall not be located in any portion of a front yard. The building will be set back 15 metres from the side and rear property lines of the property; and
 - (vi) Livestock pasture areas and manure storage areas will be set back 15 metres from watercourses, wetlands and drainage courses.

- d) The minimum lot size for keeping large animals will be 2.0 hectares. The density for large animals will be 0.4 hectares per animal with a maximum of three (3) animals on a 2.0 hectare lot, with 1.2 hectares of pasture.
- e) Medium sized livestock will not exceed a density of three (3) animals per 0.4 hectares with a maximum of three (3) animals on a 0.8 hectare lot.
- f) As lot size increases, the number of livestock kept on a property may increase according to a formula of six (6) small; three (3) medium or one (1) large animal per 0.4 hectares of additional pasture area available.
- g) Notwithstanding the animal density provisions of this By-law, new-born large animals may be maintained on a property for up to one (1) year. New-born small animals may be maintained on a property for up to sixty (60) days.

5.18.2 Chickens on Small Lots

Six (6) hens may be kept on a parcel Zoned Rural Residential, Special Rural Residential, or Shoreline Residential provided that the lot is a minimum of 0.4 hectares in size; the animals are kept in a fenced enclosure and that the area where the chickens are kept is not located in the front yard and set back 7.5 metres from side and rear property lines.

5.18.3 Further

- a) Property owners who wish to house livestock on their property will submit an application for authorization to the Planning Department, using the approved application form.
- b) Property owners will be required to make an annual application for renewal of authorization if they continue to keep livestock. They are also required to apply to the Municipality for authorization to change the type of livestock they keep on the property.
- c) Property owners will be required to provide a site plan to show the size and location of pasture areas for livestock, livestock buildings, setbacks and manure storage.
- d) Staff may require the provision of a Livestock Management Plan / Nutrient Management Plan.

5.19 Minimum Distance Separation Formula

New land uses, including but not limited to, the creation of lots, zoning by-law amendments, minor variances, development permits and site plan agreements, and new or expanding livestock facilities, shall comply with the Minimum Distance Separation 1 and Minimum Distance Separation II Formula defined herein.

Setbacks for new dwellings constructed on lots other than the lot containing the barn/barns containing livestock, shall be required to conform to the Minimum Distance Separation 1 Formula. MDS 1 shall not apply to the construction of a

new dwelling that is replacing a dwelling destroyed in whole, or in part, by a catastrophe, provided that ALL of the following conditions are met:

- The building which existed before the application was habitable;
- The proposed building is for the same or less sensitive land use type than the former building; and
- The proposed building is built no closer to the surrounding livestock facilities or anaerobic digester than the former building.

New barns or expansions to existing barns shall require setbacks in conformity with the Minimum Distance Separation II Formula. MDS II shall not apply to the construction of a livestock facility that is replacing a livestock facility destroyed by a catastrophe, provided that:

- There is no switch to a livestock type with a higher odour potential;
- There is no increase in the number of nutrient units housed; and
- There is no change from a solid to a liquid manure system or will have a new manure storage with an increase relative odour potential, than existed before reconstruction.

If deemed appropriate by the Municipality, the process by which a reduction to MDS I and/or MDS II may be considered will be through a Minor Variance to the Comprehensive Zoning By-law or a site specific Zoning By-law Amendment.

5.20 Multiple Uses and/or Zones on One Lot

a) Multiple Uses on One Lot

- (i) Where any land, building or structure is used for more than one purpose, the applicable provisions of this By-law which serve to regulate each such use shall be complied with, provided that no dwelling as may be permitted, shall be erected closer than 3 metres to any building or structure on the lot except for a building or structure accessory to such dwelling.
- (ii) The lot area requirement shall be the sum of the requirements for the separate uses thereof; however, the lot frontage requirement shall be the greatest of the lot frontage requirements for each individual use in the zone where such lot is located.

b) Multiple Zones on One Lot

- (i) Where a lot is divided into more than one zone under the provisions of this By-law, each such portion of the said lot shall be used in accordance with the Zone Provisions of this by-law for the applicable Zones established hereunder.
- (ii) No new lot shall be created within any zone unless the lot created and the remnant lot comply with minimum lot area and lot frontage requirements of the applicable zone.

- (iii) Notwithstanding the generality of the foregoing, this provision shall not apply to lands which are located within the Rural (RU and Environmental Protection (EP) Zone, provided adequate area exists outside of the Environmental Protection (EP) zone to accommodate the use or uses proposed.

5.21 Outside Storage, Open Storage, Outside Display and Sale of Goods and Materials

Where the outside display and sale of goods and materials is permitted, the following provisions shall be complied with:

- a) Such outside display and sale shall be accessory to a permitted commercial use carried on in an enclosed building, or portion, thereof, on the same lot;
- b) The area used for outside display and sale shall not be more than twice the floor area above grade of the permitted building, or portion of any such building constructed upon the lot, and used for the commercial purposes for which outside display and sale is permitted, and in any event, such area for outside display and sale shall not be more than 40 percent of the lot area with the exception of the Highway Commercial (C2) Zone. Within the Highway Commercial (C2) Zone, the area for outside display and sale shall not exceed 60 percent of the lot area for uses permitted in that zone;
- c) If the interior side lot line or rear lot line of a lot upon which such outside display and sale is permitted abuts a Residential Zone, then a planting strip shall be provided, along such abutting lot line, or portion thereof, in accordance with the requirements for planting strips contained herein;
- d) Where lighting facilities are provided, they shall be so arranged as to deflect the light onto the outside display and sale area, and away from adjoining properties and streets;
- e) The area used for outside display and sale shall be in addition to and separated from the areas required for parking;
- f) The area used for outside display and sale shall provide side and rear yards in accordance with the provisions for the Zone in which the land is situated, but in any event shall not be closer to any side or rear lot line than 3 metres;
- g) A portion of the front yard, up to a maximum of 5%, adjacent to the building, may be used for outside display and sale.
- h) The area used for outside display and sale shall be surfaced and maintained with either concrete, asphalt, crushed stone and other hard surface and dustless materials or maintained as a lawn in a healthy growing condition; and,

- i) Prior to the establishment of an area for the outside display and sale, the owner shall file in writing with the By-law Enforcement Officer, a Site Plan thereof giving full particulars including a sketch or survey of the lands to be used in relation to all buildings or other structures on the same lot.

5.22 Parking Regulations

a) Parking Area Requirements

Parking spaces and area are required under this By-law in accordance with the Parking Space Requirements Table, and the owner of every building or structure erected or used for any of the purposes hereinafter set forth shall provide and maintain for the sole use of the owner, occupant or other persons entering upon or making use of the said premises from time to time, parking spaces area areas accordingly.

b) Parking Area Surface

Each parking area and driveway connecting the parking area with a street shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles. They shall before being used, be constructed of crushed stone, gravel, asphalt or concrete and with provision for drainage facilities.

c) Ingress and Egress

- (i) Ingress and egress to and from the required parking spaces and areas shall be provided by means of unobstructed driveways or passageways of at least 3 metres but no more than 9 metres in perpendicular width.
- (ii) The maximum width of any joint ingress and egress driveway ramp measured along the street line shall be 9 metres.
- (iii) The minimum distance between any two driveways on one lot, or between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be 8 metres.
- (iv) The minimum angle of intersection between a driveway and a street line shall be 60 degrees.
- (v) Every lot shall be limited to the following number of driveways:
 - Up to the first 15 metres of frontage, not more than one driveway;
 - Greater than 15 metres of frontage but not more than 30 metres of frontage, not more than two driveways with a combined width not exceeding 30 percent of the lot frontage; and,
 - For each additional 30 metres of frontage, not more than one additional driveway.

d) Parking Area Design Requirements

The following parking area design requirements shall apply to all required parking areas in all zones, except for a permanent or seasonal detached dwelling house, mobile home dwelling house, semi-detached dwelling house, duplex dwelling house and street front townhouses, namely:

- (i) The minimum width shall be 3 metres and the minimum length shall be 5.7 metres;
- (ii) That where a parking space has a parking angle of 30 degrees or less, such parking space shall be at least 6.7 metres in length where the aisle width is at least 4 metres;
- (iii) That where the parking angle is less than 50 degrees, the minimum aisle width shall be at least 4 metres;
- (iv) That where the parking angle is equal to or greater than 50 degrees, but less than 70 degrees, the minimum aisle width shall be at least 5.5 metres;
- (v) that where the parking angle is equal to or greater than 70 degrees but less than or equal to 90 degrees, the minimum aisle width shall be at least 6.7 metres; and
- (vi) The minimum width of a handicapped parking space shall be 3.75 metres and the minimum length shall be 6 metres.

e) More than One Use on a Lot

When a building or structure accommodates more than one type of use, the parking space requirement for the whole building shall be the sum of the requirements for the separate parts of the building occupies by the separate types of use, unless otherwise specified herein.

Industrial	Interior side and rear yards only, except for visitor parking provided that no part of any parking area, other than a driveway is located closer than 1 metre to any street line or within a sight triangle.

g) Additions to or Changes in Use of Buildings

The parking space requirements referred to herein shall not apply to any building in existence as of the date of passing this By-law so long as the existing gross floor area is not increased by more than 10 percent of the gross floor area of the building existing on the date of passing of this by-law. If an addition is made to the building or structure which increases the floor area, then parking space for the additions shall be provided as required by the Parking Space Requirement Table.

Where a change is use of the building or structure occurs which increases the off-street parking requirements, as set forth in the parking Space Requirement table, then parking spaces shall be provided in accordance with these requirements set forth in the Parking Space Requirement Table for the total gross floor area of the building or structure.

h) Use of Parking Spaces and Areas

Parking spaces and areas required in accordance with this By-law shall be used for the parking of operative, currently licensed vehicles only, and for vehicles used in operations incidental to the permitted uses in respect of which such parking spaces and areas are required or permitted. Provided, however, no person shall use any lot, in any Residential Zone, for the parking or storage of more than one of any commercial motor vehicle in excess of one-half tone, capacity, except that one commercial motor vehicle, not exceeding one ton, may be stored in a private garage.

Notwithstanding the above provisions, within a Rural Zone a maximum of 2 school buses may be parked or stored on any lot as an accessory use.

i) Parking Spaces on Other Lots

Where the owner of a building or structure proposes to provide the required parking spaces and areas in a location other than on the same lot as the use that requires such spaces and areas, then such shall be located not more than 90 metres from the said lot and shall be located within the same Zone as the said lot. However, in the case of parking of a Shoreline Residential Zone, that has an existing access only by navigable waterway, a parking lot may be located in an area which is greater than 150 metres from the Zone.

j) Abandoned Equipment

Unused and discarded motor vehicles, farm implements and similar abandoned equipment shall not be located or stored in any Zone.

5.23 Pits & Quarries

The making or establishment of new pits or quarries is prohibited within the area covered by this By-law, except in the locations specifically permitted by this By-law, and only then in accordance with the express provisions of this By-law. No person shall use, occupy or excavate land or erect any building or structure or conduct any activity on land for the purpose of processing, washing, screening, sorting or crushing rock, sand and/or gravel, except as expressly provided for in this By-law.

The erection of any building or structure or the creation of a lot in the area adjacent to a licensed pit or quarry shall be subject to the completion of appropriate studies, such as a noise study, that will identify an appropriate distance separation from the aggregate operation to the satisfaction of the municipality.

5.24 Planting Strips

a) Location

Where the interior side or rear lot line of a Community Facility, Commercial or Industrial Zone abuts a Residential Zone, a planting strip adjoining such abutting lot line, or portion thereof, shall be provided on the Community Facility, Commercial or Industrial Zone with a minimum width of 3 metres.

b) Contents

A planting strip shall consist of a row of trees or a continuous unpierced hedgerow of evergreens or shrubs, not less than 1.8 metres high, immediately adjacent to the lot line or portion thereof along which such planting strip is required hereunder. The remainder of the strip shall be planted with shrubs, flower beds, grass or a combination thereof.

c) Interruption for Driveways or Pedestrian Walkways

In all cases where ingress and egress driveways or walks extend through a planting strip, it shall be permissible to interrupt the strip within 3 metres of the edge of the driveway or within 1.5 metres of the edge of the walk.

d) Maintenance

Where a planting strip is required, it shall be planted, nurtured and maintained by the owner or owners of the lot on which the strip is located.

e) Landscaped Open Space

A planting strip may form a part of any landscaped open space required by this By-law.

5.25 Public Uses

a) Public Use

Except as otherwise provided in paragraph b) of this subsection, the provisions of this By-law shall not apply to prevent the use of any lot or the erection or use of any building or structure for the purposes of the public services provided by the Municipality and/or any Public Authority.

b) Location

Where in this By-law a public use is specifically permitted within a Zone, then such use shall only be permitted within that Zone or Zones.

c) Provisions

Where a lot building or structure is to be used for the purposes of a public use, the following criteria shall apply:

- (i) No goods, material or equipment shall be stored in the open, except as permitted in such Zone;
- (ii) Any Zone Provisions of the Zone in which the use is located shall be complied with except as otherwise provided in paragraph d).

d) Streets and Installations

Nothing in this By-law shall prevent land to be used as a street or prevent the installation of a watermain, sanitary sewer main, storm sewer main, gas main, pipe line or overhead or underground hydro, telephone or other supply and/or communication line; provided that the location of such main or line has been approved by the Municipality.

5.26 Reduction of Requirements

No person shall change the purpose for which any lot or building is used, or erect any building, or structure, or addition to any existing building, or sever any lands from any existing lot if the effect of such action is to cause the original, adjoining remaining or new building or lot to be in contravention of this By-law.

5.27 Additional Residential Unit

An additional residential unit shall be permitted in a single detached dwelling, semi-detached dwelling, or a rowhouse dwelling and located within a separate

building ancillary to a single detached dwelling, semi-detached dwelling, or a rowhouse dwelling in accordance with the following provisions:

General Additional Residential Unit Provisions:

- a) The maximum of two additional residential units are permitted per one primary dwelling unit on the property.
- b) An additional residential unit shall be ancillary to the primary dwelling unit on the property.
- c) In rural areas, an additional residential unit shall be permitted in a single detached and semi-detached dwelling subject to the provision of potable water and sewage septic systems to provide for the additional dwelling unit.
- d) An additional residential unit shall not be permitted a driveway for its sole use. A tandem parking space is permitted within the driveway serving the primary dwelling to meet the Section 5.19 Parking Regulations requirement for iv) Residential other than specified herein.
- e) Tandem parking space shall mean a parking space that is only accessed by passing through another parking space from a street, lane, drive aisle, or driveway.
- f) An additional residential unit shall not be permitted in land zoned Environmental Protection where there is an existing dwelling or any area subject to flooding as identified by a Conservation Authority, regardless of the non-complying status of the existing building.
- g) An additional residential unit shall not be permitted on private roads and rights-of-way where emergency services may be limited.
- h) An additional residential unit shall not be permitted in areas adjacent to lakes with limited lake capacity.
- i) An additional residential unit shall not be permitted on the same lot that a garden suite, Bunkie, or any other rooming units are located.
- j) A building permit shall be required for the establishment of an additional residential unit and all Building Code requirements and Fire Code requirements shall be adhered to.
- k) Where a 'secondary dwelling unit' is referenced in any special exception zone provisions of this by-law, the Section 5.24 Additional Residential Unit provisions will apply to such a unit.
- l) An additional resident unit within an accessory building or structure shall be subject to the lot coverage provisions of Section 5.1 d).
- m) An additional residential unit located in an accessory building or structure shall meet the minimum yard provisions of Section 5.1 i).

- n) Notwithstanding Section 5.1 d), the maximum height for an additional residential unit located in an accessory building or structure shall not exceed the maximum height of the primary dwelling on the property.

5.28 Service Requirement

Development may be permitted outside of the urban settlements provided that such development is in accordance with the zone provisions and that the proposed private well and septic sewage systems meet the requirements of the approval authority and Council is satisfied that no adverse effects will be experienced.

5.29 Sight Triangles

Within an area defined as a sight triangle, the following uses shall be prohibited:

- a) A building, structure or use which would obstruct the vision of drivers of motor vehicles;
- b) A fence, tree, hedge, bush, or other vegetation, the top of which exceeds 1 metre in height above the elevation of the street line;
- c) A finished grade which exceeds the elevation of the street line by more than .75 metres;
- d) The parking of motor vehicles or any loading space; and
- e) A sign other than an authorized traffic sign or signal or any sign or notice erected by any local or other government department or authority.

5.30 Signs

The provision of this By-law shall not apply to prevent the erection, alteration or use of any sign provided such sign complies with the By-laws of the Municipality regulating signs.

5.31 Special Uses Permitted

A tool shed, construction trailer, scaffold or other building or structure incidental to construction is permitted in all Zones within the Municipality on the lot where it is situated only for so long as a valid building permit is in effect.

5.32 Storage of Special Vehicles

a) Vehicles Permitted

No person shall use any lot in any Residential Zone, excepting a lot in a Rural Residential Zone, for the purpose of parking or storing not more than two of the following: a boat, motorized mobile home or travel trailer except for:

- (i) One boat which does not exceed 8.5 metres in length;
- (ii) One motorized mobile home which does not exceed 8, 5 metres in length;

- (iii) One travel trailer which does not exceed 8.5 metres in length, exclusive of hitch or tongue.

b) Yards Where Permitted

In any Residential Zone, the parking or storage of a boat, motorized mobile home or travel trailer shall only be permitted in a garage, carport, or other building, or in an interior side yard or rear yard but not closer than 1.25 metres to any lot line.

5.33 Telecommunication Tower

The following provisions shall apply to the establishments of a telecommunication tower where permitted:

a) Yard and Setback Requirements

Telecommunication towers shall not be located within the minimum yard dimensions for uses in the Zone in which they are located. Telecommunication towers shall be set back from the property line one and one-half times the height of the tower. Where the height is in excess of 10 metres, the tower shall be located at a distance of at least 3 times its height from the nearest property line.

b) Accessory Building or Structure

One accessory equipment storage building having a maximum height of 3 metres, and maximum dimensions of 3 metres by 4 metres may be permitted.

5.34 Through Lots

Where a lot, which is not a corner lot, has lot frontage on more than one street, the setback and front yard requirements contained herein shall apply on each street in accordance with the provisions of the Zone or Zones in which such lot is located.

5.35 Oak Ridges Moraine

5.35.1 Single Detached Dwelling Permitted

- a) Notwithstanding any provision of this By-law, within the Oak Ridges Moraine Conservation Plan Area, a single detached dwelling was a permitted use, if a single detached dwelling was a permitted principal, or accessory use, in this By-law as of November 15, 2001, provided the single detached dwelling complies with all other provisions of the applicable zone and further, the applicant submits information at the time of building permit application that the use, erection and location will not, to the extent possible, adversely affect the ecological integrity of the Oak Ridges Moraine. This information may include a natural heritage evaluation and/or hydrological evaluation completed in accordance with the Oak Ridges Moraine Conservation Plan and will be approved by the Municipality in consultation with the local Conservation Authority. Approval of the development is subject to site plan approval by the Municipality.

5.35.2 Existing Uses (Legal Non-Conforming Uses)

Notwithstanding any other provisions of this By-law to the contrary, uses that existed legally as of November 15, 2001, may continue until the use(s) ceases to exist.

5.35.3 Expansion of Existing Buildings & Structures

- a) The expansion of legally existing non-agriculture-related buildings and structures in any zone is permitted to a maximum of 100 percent of the ground floor area of the building or structure as of November 15, 2001. Provided all other regulations of this By-law are met, there is no restriction on the size of the expansion of legally existing agriculture-related buildings and structures in any zone.

New accessory uses, buildings and structures, including swimming pools, related to the existing uses are permitted in any zone provided that;

- (i) The accessory use, building or structure complies with all provisions of the applicable zone;
- (ii) Such expansion complies with all provisions of the applicable zone; and,
- (iii) Such expansion will not, to the extent possible, adversely affect the ecological integrity of the Oak Ridges Moraine. A natural heritage evaluation and/or hydrological evaluation may be required and will be approved by the Municipality in consultation with the local Conservation Authority. Approval of the development is subject to site plan approval by the Municipality.

- b) Where the expansion of an existing building or structure or the establishment of an accessory use, building or structure intrudes on areas within the Oak Ridges Environmental Zone or the Oak Ridges Moraine Environmental Plan Review areas as shown on Plates B, C and D contained herein, the applicant shall submit a natural heritage evaluation and/or a hydrological evaluation completed in accordance with the Oak Ridges Moraine Conservation Plan and will be approved in conjunction with the local Conservation Authority. Approval of the development is subject to site plan approval by the Municipality.

5.35.4 Landform Conservation Area

- a) Notwithstanding any other provisions of this By-law to the contrary, the following provisions shall apply within a Landform Conservation Area (Category 1) as indicated on Plate C attached hereto and forming part of this By-law:
 - (i) The net developable area of the site that is disturbed shall not exceed 25 percent of the total site area; and
 - (ii) The net developable area of the site that has impervious surfaces shall not exceed 15 percent of the total site area.
- b) Notwithstanding any other provisions of this By-law to the contrary the following provisions shall apply within a Landform Conservation Area (Category 2) as indicated on Plate C attached hereto and forming part of this By-law:
 - (i) The net developable area of the site that is disturbed shall not exceed 50 percent of the total site area; and
 - (ii) The net developable area of the site that have impervious surfaces shall not exceed 20 percent of the total site area.

5.35.5 Areas of High Aquifer Vulnerability

- a) Notwithstanding any other provisions of this By-law to the contrary, the following uses are prohibited within an Area of High Aquifer Vulnerability as indicated by the zone shown on Plate D attached hereto and forming part of this By-law:
 - (i) Generation or storage of hazardous or liquid industrial waste;
 - (ii) Waste disposal sites and facilities, organic soil conditioning sites, and snow storage and disposal facilities;
 - (iii) Underground or above-ground bulk storage tanks that are not equipped with an approved secondary containment device; and

- (iv) The use, creation, handling or storage of alftoxin, tetrachlorodibenzo-p-dioxin, pentachlorodibenzo-p-dioxin, hexachlorodibenzo-dioxin, or other contaminants listed in Schedule 3 (Severely Toxic Contaminants) to Regulation 347 of the Revised Regulation of Ontario, 1990.

5.35.6 Rapid Infiltration Basins and Columns

- a) Notwithstanding any other provisions of this By-law to the contrary, new rapid infiltration basins and new rapid infiltration columns as defined in this By-law are prohibited.

5.35.7 Transportation, Infrastructure & Utilities

- a) Notwithstanding any other provisions of this By-law to the contrary, all new transportation, infrastructure and utilities uses listed below, and all upgrading or extension of existing transportation, infrastructure and utilities uses, including the opening of a road within an unopened road allowance, are prohibited on lands within an Oak Ridges Environmental Zone as shown on Plates B, C, and D to this By-law:
 - (i) Public highways;
 - (ii) Transit lines, railways and related facilities;
 - (iii) Gas and oil pipelines;
 - (iv) Sewage and water service systems and lines and stormwater management facilities;
 - (v) Power transmission lines;
 - (vi) Telecommunications lines and facilities, including broadcasting towers;
 - (vii) Bridges, interchanges, stations, and other structures, above and below ground, that are required for the construction, operation or use of the facilities listed in Clauses i) to vi) above; and
 - (viii) Rights-of-way required for the facilities listed in clauses i) to vii) above.
- b) Notwithstanding Section 5.32.7 a) of this By-law to the contrary, publicly initiated transportation, infrastructure and utilities uses may be permitted to cross an Oak Ridges Environmental Zone, as shown on Plates B, C and D of this By-law in accordance with all applicable policies of the Official Plan.

5.35.8

Notwithstanding any other provisions of this By-law to the contrary, lands zoned Oak Ridges Moraine Environmental may be included in the calculation of any zone provisions for adjoining lands, provided that such lands used in the calculation are part of the same lot.

5.35.9

Notwithstanding any provision of this By-law to the contrary, all development shall comply with all applicable Official Plan policies related to the Oak Ridges Moraine Conservation Plan Area.

5.35.10

Where there is a conflict between this By-law and the Oak Ridges Moraine Conservation Act, or the Oak Ridges Moraine Conservation Plan, the more restrictive provisions shall prevail.

5.36 Cannabis Production and Processing

Notwithstanding any other provision of this By-law, any Cannabis Production and Processing shall be subject to the following provisions; this by-law only allows for the Production and Processing of legal Cannabis for those holding a valid license to do so by the Federal Minister of Health or the designated authority to grant a license.

- a) No lands, building or structure or portion thereof used for Cannabis Production and Processing purposes that is equipped with air treatment control situated in the General Industrial Zone (M1), may be located closer to any Residential Zone, Institutional Zone, or Open Space Zone than 70 metres.
- b) No lands, building or structure or portion thereof used for Cannabis Production and Processing purposes that is equipped with air treatment control situated in the Rural Zone (RU) or the Agricultural Zone (A) may be located closer to any Residential Zone, Institutional Zone, or Open Space Zone than 150 metres.
- c) No lands, building or structure or portion thereof used for Cannabis Production and Processing purposes that is equipped with air treatment control situated in the General Industrial Zone (M1), may be located closer to any dwelling, public school, private school, place of worship, or day care nursery than 150 metres.
- d) No lands, building or structure or portion thereof used for Cannabis Production and Processing purposes that is equipped with air treatment control situated in the Rural Zone (RU) or the Agricultural Zone (A) may be located closer to any dwelling, public school, private school, place of worship, or day care nursery than 150 metres.
- e) No lands, building or structure or portion thereof used for Cannabis Production and Processing purposes that is not equipped with air treatment control situated in the General Industrial Zone (M1), may be located closer to any dwelling, public school, private school, place of worship, or day care nursery than 300 metres.

- f) A building or structure used for security purposes for Cannabis Production and Processing may be located in the required front yard and does not have to comply with the required minimum front yard, side yard and rear yard setbacks.
- g) Outdoor storage is prohibited on the property in which the Cannabis Production and Processing is located.
- h) Cannabis Production and Processing shall only be permitted within the zones as explicitly indicated in this Zoning By-law.
- i) All development in relation to the establishment of or expansion to a Cannabis Production and Processing shall be subject to Site Plan Control.
 - (i) Cannabis Production and Processing located in a Rural or Agricultural Zone shall be required to provide hydrogeological study or water budget to show that an adequate water supply is available for production without impacting neighbouring properties. This applies to irrigation or indoor growing and will include information regarding water storage and reuse.
 - (ii) Cannabis being grown as an outdoor crop shall provide information regarding water use.
- j) The site plan referred to in i) will include a copy of the security plan including fencing, areas where crop is grown, surveillance measures, and any buildings associated with producing the product or security.
- k) Cannabis Production and Processing located in a Rural or Agricultural Zone shall be limited as follows:
 - Building coverage of buildings associated with production and processing – maximum of 4,000 square metres;
 - Maximum area of land for outdoor cultivation of cannabis at one time: 10 hectares (24.7 acres).
- l) Micro-cultivation will be considered on lands within the Rural and Agricultural Zones, including legal non-conforming lots, provided that the micro-cultivation operation can comply with all the regulations that apply to the production and processing of legal cannabis as set out in this by-law.

Section 6 – Table 1 – Permitted Uses in Zones Text

6.1 The provisions of this section provide additional requirements for the permitted Uses and Activities in General Zone Categories contained in Table 1 herein.

- a) A single detached dwelling house shall be a permitted use in addition to the permitted non-residential uses. Notwithstanding the foregoing, in the case of a camping establishment, a private club, private park, and summer camp in the Open Space (OS) Zone, a cabin establishment, a camping establishment, a hotel, a motel, a private park, a resort establishment, and a summer camp in the Recreation Commercial (C4) Zone, or a use in the General Commercial (C1), Highway Commercial (C2) Zones, the single detached dwelling house shall only be occupied by the owner, caretaker, watchman, or similar person and his family provided further that such person is employed full time on the lot which the single detached dwelling house is located.
- b) A single detached dwelling house, which existed at the date of passing of this By-law with appropriate access and services, is a permitted use in the Environmental Protection (EP) and Development (D) Zone. A single detached dwelling house and the buildings and structures associated with farming activities are permitted in the Environmental Protection (EP) Zone provided that such are constructed in accordance with the Zone requirements.
- c) A new single detached dwelling house shall be permitted within the Environmental Sensitive (ES) and Development (D) Zones, provided the lot on which the new dwelling is to be erected was a legal lot of record created prior to the date of passing of this by-law, fronts upon a municipal road that is maintained year-round and that any environmental constraints associated with the site can be satisfied.
- d) A seasonal single detached dwelling house, which existed at the date of passing of this By-law, is a permitted use within the Shoreline Residential (SR) Zone.

However, an existing seasonal single detached dwelling house within the Shoreline Residential (SR) Zone may be converted to a permanent single detached dwelling house provided the lot fronts upon a Municipal road that is maintained year-round and further that the dwelling house conforms to the standards applicable to a permanent single detached dwelling house within the Shoreline Residential (SR) Zone and the standards of the Ontario Building Code and the requirements of the Health Unit with regard to individual wells and septic systems.

- e) A boarding or lodging house which existed at the date of passing of this By-law is a permitted use within the Residential 1 (R1) Zone.
- f) One dwelling unit is permitted in a portion of a non-residential building, with the exception of a motor vehicle service station in which a portion of the building is used for motor vehicle repair. In such cases, a dwelling unit shall not be permitted above the portion of the building used for motor vehicle repair.

In the case of a motel in the Highway Commercial (C2) Zone, and a cabin establishment, camping establishment, hotel, motel, private park, resort establishment, and a summer camp, in the Recreation Commercial (C4) Zone, the dwelling unit shall only be occupied by the owner, caretaker, watchman, or similar person and his family provided further that such person is employed full time on the lot which the dwelling unit is located.

- g) A farm produce retail outlet, as herein defined, shall be a permitted use in the Rural (RU) Zone and the Agriculture (A) Zone, provided that the majority of such produce offered or kept for sale is the produce of the farm on which such retail sales outlet is located.
- h) A business and/or professional office or retail or whole sale commercial establishment shall be permitted provided such use is accessory to and incidental to the primary use permitted on the lot in the respective Zone.
- i) A Public Use shall be permitted in accordance with the provisions of Subsection 5.22 hereof.
- j) Open Storage of goods or materials shall be permitted if accessory to the principal or main use on the lot as may be permitted within the respective Zone.
- k) A single detached dwelling house is a permitted use in the Rural (RU) Zone and the Agriculture (A) Zone provided the lot upon which such dwelling house is to be erected fronts upon a municipal road that is maintained year-round and the location of the dwelling house conforms to the Minimum Distance Separation Formulae. Further, an existing single-detached dwelling house in the Rural (RU) and Agriculture (A) Zones may be considered surplus to a farming operation. The severance of a surplus dwelling from the farming operation shall be considered in accordance with the provisions of the Provincial Policy Statement as amended.
- l) A home occupation is a permitted use provided such occupation complies with all the requirements of Subsection 5.13 of this By-law.
- m) One or more dwelling units shall be permitted in a portion of a non-residential building in the General Commercial (C1) Zone provided such dwellings are above the first floor and further are in accordance with Table 2, Provisions for Residential Uses.

- n) A second dwelling unit shall be permitted within a single detached, semi-detached, linked semi-detached, row or linked row dwelling house in accordance with the provisions of section 5.24.
- o) A bed and breakfast establishment, as defined herein, shall be permitted within a single detached dwelling house located in all Residential, Rural and Agricultural Zones provided that the following regulations are complied with:
 - (i) The parking requirements as detailed in Subsection 5.19;
 - (ii) Appropriate clearances have been received from the appropriate approval authority; and
 - (iii) Compliance with the Ontario Fire Code and Ontario Building Code.
- p) A Group Home shall be permitted in a single detached dwelling house in the Development (D) Zone provided that the dwelling unit existed at the time of the passing of this By-law.
- q) A seasonal camp, which existed at the date of passing of this By-law, is a permitted use within the Rural (RU) Zone.
- r) A kennel, as defined herein, shall be permitted as an accessory use to the main permitted use in the Agriculture (A) Zone.
- s) A home industry is a permitted use provided such business complies with all the requirements of Subsection 5.13 of this By-law.

Section 7 – Table 2 – Provisions for Residential Uses, Text

7.1 The provisions in this section provide additional requirements for residential uses contained in Table 2 herein.

a) Single Detached Dwelling House and Non-Residential Building, Structure or Use on the Same Lot – Area and Frontage Requirement
