1	please please please add sand (lots of sand) to the beaches in Hastings. BOTH beaches. Please excavate the north shore beach to bring it back to it's previously seen glory! It's embarrassing, at this point. SO many people go to Cobourg for a beach day when they could stay in/go to Campbellford or Hastings instead - if there was proper sand.	7/14/2025 3:56 PM
2	A greenhouse for the school community garden would be great where the outdoor pool used to be on Bridge Street.	7/14/2025 12:17 PM
3	I would like to see development of the park where the cford pool used to be, bike paths, and recycling containers. Thank you. We have great facilities, parks.	7/13/2025 11:28 PM
4	do child care need kid friendly pool small water pool for kids under 3-4	7/12/2025 6:54 PM
5	The need for accessible spaces is needed in Hastings. Community Centres are a hub of activity. We are adding a lot of homes in Hastings but nothing to keep the people here and engaged in our community. Not only do we need an arena , but we need to build a community centre to be a Hub for all people. A community centre with multiple ice pads , community rooms for birthday parties , dance , karate , activities for older adults. We need spaces that works for all abilities. When we create spaces that are truly accessible than all people are included. Engagement in the community could be ten fold if we build these spaces	7/12/2025 7:36 AM
6	Dog parks are completely unnecessary. Planning must recognize that in most families parents must commute out of Trent Hills for employment. Other communities recognize this and plan operating hours accordingly. Likewise open houses and other events are scheduled so that more than retirees are able to participate. Most folks I know access facilities outside of Trent Hills not because they want to, but because they must.	7/11/2025 8:29 PM
7	It is disappointing that in Hastings, recreation facilities are closer to access, less expensive and more accessible in Peterborough County than in Trent Hills.	7/11/2025 8:17 PM

9	My biggest complaint about all of Trent Hills is that Hastings seems to be the last town to get anything, but we always lose everything. We have lost our ballpark we have lost our arena we have no recreational programs or facilities other than scouts for the children we do not have a proper gym to work out in, we don't have a pool or even a splash pad for the kids. We have two playgrounds and soccer fields and basketball. Our dome offers nothing Beyond card games and golf. Our town isnt upgraded, it isn't beautified, and nothing is ever replaced or repaired it is just taken down and left. We have to travel for practically everything. And we are the only town that I know of within 100 mile radius it doesn't have a Santa Claus parade	7/11/2025 1:59 PM
10	Although I currently reside outside of Hastings, I have for many years contributed and played in the village. I will be a resident shortly. My greatest concern is for Ed Brownlee park and what will happen there going forward. it is in dire need of upgrading..ie..tile drainage before anything can truly be enjoyed in that green space. Volunteering for Canada Day , it was noted that it	7/11/2025 12:05 PM

was a challenge if exiting on the west side..A lot of ground water to deal with ..even in this dry summer weather ! There is a lack of shade in that park as well. I look forward to seeing what the plans are going forward as that could be a wonderful green space for residents and or those passing through . It can be a simple plan of well placed trees, picnic tables with some space left to toss a ball around !

11	There is a serious lack of garbage cans at the Hastings soccer fields and they are not well maintained. There is also a lack of seating around the play structure at that location and no shade offered.	7/11/2025 11:43 AM
12	Picnic tables in the past were along the canal. I see families having to sit on the ground for a picnic. The canal is a great asset but powers to be is trying to drive visitors to old mill park. Hastings has tables along the river. Complaints to the Mayor does no good.	7/11/2025 11:29 AM
13	Please do not increase our taxes, find an alternative to provide more green space / recreational space.	7/11/2025 9:52 AM
14	I believe the lions park is an untapped resource for the community, and would provide a beautiful location for families to spend a day. The waterfront could easily be improved, and washrooms renovated. Campbellford has no natural beach for families to enjoy, which would be an amazing addition, considering our location on the trent river, in a natural setting, as its the only space for families to access a picnic/playground area , while enjoying the natural beauty of the area.. The only place to swim in campbellford is the Sunny life centre, which is indoors, and can be cost prohibitive.. families enjoy a space where they can picnic, while children can play in the outdoors. Growing up beside it, it was a big assest to pur area, and was always a go-to destination for many from our area and out of town as well. It seems to me, thay this natural resource would be a fabulous drawing card for the area. The land is there, a little work would bring it back to its former glory, and provide outdoor recreation which is badly needed	7/11/2025 9:22 AM
15	Ed Brownlee Park, in Hastings, provides an ideal location and would benefit from community oriented activities.	7/10/2025 6:15 PM
16	The municipality needs more trash/recycling facilities in and around green spaces.	7/10/2025 1:51 PM
17	Too much emphasis placed on hockey in this town, due to owner of hockey team on council. Use of indoor pool grossly underestimated, yet hockey has office, etc in arena while 50+ participants turn up to a small pool area. Many disappointed in lack of vision for aging population retiring in area. Same council member steamrolled an inaccessible dog park. Should be conflict of interest.	7/5/2025 9:32 AM
18	Somehow clean up Lions Club beach if the geese. Also the geese are a problem around the walking path	7/4/2025 9:06 AM
19	Trent Hills should be more consistent to it's support of existing amenities, ie the Curling Club (since it supports other sports like hockey, tennis and swimming...)	7/4/2025 8:36 AM
20	We were suprised to discover that the Campbellford & District Curling & Racquet Club is not supported or financially assisted by the municipality. The municipality helps to fund and take care of the curling group in Warkworth but doesn't contribute anything to the Campbellford Curling and Racquet Club. The municipality funds hockey and other sports and should also support curling in Campbellford as it is a social, fun sport that can be played by kids, adults and seniors (some members are still curling into their 80s). Please consider spending funds on keeping the Campbellford Curling and Racquet Club alive and well for the future - it was one of the main reasons we chose to move to Campbellford 10 years ago!	7/3/2025 9:11 PM
21	Our property taxes can't afford to go up anymore. We already pay ridiculous property taxes in Hastings.	7/3/2025 8:07 PM
22	Good job people this town is expanding prepare green spaces in and around the town before the population increases	7/3/2025 6:51 PM
23	The Hillside park needs to be redeveloped into a well maintained public green space. It was built in the year of the child and was a popular place for parents and children to spend time. The maintenance has been terrible and complaints are swept away. The last thing it should be is a parking lot!	7/3/2025 5:02 PM

29	The municipality should have built a 2 pad arena and closed the rink in Warkworth	7/1/2025 11:33 AM
30	I would like to see the Hastings park better utilized since ball park taken down. I would love to see a splash park for children in Warkworth. Also a hall built into the Warkworth arena no steps upstairs with a industrial kitchen.	7/1/2025 10:14 AM
31	Space behind Field house great for dog park.	7/1/2025 8:01 AM
32	I think Warkworth needs a splash pad and it's a shame seeing those soccer fields not getting used.	6/30/2025 10:47 PM
33	Imagine that you are young and financially strapped in this town. Without transportation and possibly without the internet to answer this survey. What does our community offer that family? The answer is not enough.	6/30/2025 12:35 PM
34	Current buildings need to be cleaned and maintained regularly. Unfortunately my experience is that this is not being done regularly currently.	6/30/2025 11:45 AM
35	It would be very nice to see a bandstand in the little park beside the bank. Also a nice garden area with some trees and benches there also.	6/30/2025 11:31 AM
36	Trent hills needs to continue to improve outdoor and indoor facilities to encourage and facilitate the needs of younger demographics. Building social relationships through activity and sport.	6/30/2025 11:22 AM
37	Rec facilities need to be more well maintained from the staff including appearance of facilities exterior and indoor upgrades, painting etc needs to be monitored	6/30/2025 11:09 AM
38	We really need a good dog park in Hasings that is free and accessible and well maintained with some wooded areas and walking path. The Cobourg dog park is perfect but it is a 45 minute drive each way.	6/29/2025 11:44 PM
39	Do not increase taxes. Too high now.	6/29/2025 11:06 PM
40	Overall, Trent Hills has done a wonderful job of offering and maintaining facilities to the community. Thank you 🙌	6/29/2025 8:22 AM
41	Ed Brownlee park in Hastings needs to be developed in ways that benefit and enhance our village.	6/28/2025 10:02 AM
42	We do not regularly attend events in other communities. However during the summer we have attended hockey camps outside of Trent Hills. Brighton, Cobourg, Peterborough, Belleville. Weekly camps for kids. Having programs available in Campbellford would be fantastic. And there is now a facility to do it.	6/27/2025 10:43 PM
43	I would love to see more locations for subsidized housing in campbellford and clubs to cater to the younger population and create job oppurtunities	6/27/2025 9:56 PM

Methodology & Logistics

Overview

This report documents the findings from a telephone survey of N=200 residents from Trent Hills conducted by Oraclepoll Research for the Municipality on behalf of thinc design, the lead firm for the Parks and Recreation Master Plan.

The survey questions were designed by thinc design and the Township. The role of Oraclepoll Research Ltd was to field the telephone survey and report on the findings. The purpose of the survey was to determine current use of parks, trails and recreation facilities, participation in programs and activities, and opinions on the need for future services in the Municipality.

Some numbers presented in the tables and graphs of this report may not add up to 100% due to rounding.

In addition, a separate Excel report provides the results for each question.

Study Sample & Survey Method

A total of N=200 respondents, 18 years of age and older, who are residents of Trent Hills were interviewed (verified in Q2). All surveys were conducted by telephone using live operators at the Oraclepoll call centre facility. The survey was conducted using person-to-person interviewing with computer-assisted techniques for telephone interviews (CATI) and random number selection (RDD).

The sample frame included landlines as well as cell phone-only households. Respondents were first screened to ensure their residency in the Township, before administering the survey. A total of 20% of all interviews were monitored and the management of Oraclepoll Research supervised 100% of all the calls made.

Logistics

Telephone surveys were conducted by phone at the Oraclepoll call centre using person-to-person live operators between the days of June 28th and July 15th, 2025.

Initial calls were made between the hours of 6:00 p.m. and 9:00 p.m. Subsequent call-backs of no-answers and busy numbers were made on a (staggered) daily rotating basis up to five times (from 10:00 a.m. to 9:00 p.m.) until contact was made. In addition, telephone interview appointments were attempted with those respondents who were unable to complete the survey at the time of contact. If no contact was made at a number after the fifth attempt, the number was discarded, and a new one supplemented it.

Confidence Level & Reporting Notes

The margin of error for the N=200 sample is $\pm 6.9\%$ 19/20 times.
